

Rotary tablet press

ZPW29 / ZPW31 rotary tablet press

ZPW29 / ZPW31 rotary tablet press

1. The cover is made of stainless steel with close type. The inner tablet surface is also made of stainless steel materials which could keep surface luster and prevent from cross pollution. Our ZPW29 / ZPW31 rotary tablet press meets GMP requirement.
2. Equipped with plexiglass perspective window which could help to observe the status of pressing piece. Side blank could be fully opened, easy to clean and maintain.
3. All monitors and operating components are in good order.
4. Frequency changing, speed regulating apparatus are used to regulate. The convenient operation and smooth rotation are safe.
5. Equipped with over-load protection apparatus. When pressure overloads, the machine will stop automatically.
6. Combining ZPW29 / ZPW31 rotary tablet press with electricity, equipped with touching key and screen.
7. The first kind rotary tablet press is with semi-automatically lubricating equipment and plexiglass anti-dust cover on the upper of revolving table.
8. Transmitting system is sealed in the oil box under the main machine. It is a separate component. No pollution, easy heat dissipation, wear resistance.
9. Powder cleaner could absorb the powder in the piece-pressing room.
10. Easily-damaged components such as upper orbit, material-adding

machine, transmitting pole, powder measurer have general structures with ZP33 products which could help to be standard, general and series.

11. Mould is similar to ZP19, ZP33, ZP35 and ZP37 tablet press.

Technique parameter:

Model	ZPW29	ZPW31
Dies (sets)	29	31
Max. Pressure (KN)	80	80
Max. Dia. of tablet (mm)	24	22
Max. Filling Depth (mm)	15	15
Thickness of largest tablet (mm)	6	6
Turret speed (r/min)	14-36	14-36
Production capacity (pc/h)	125000	125000
Motor (kW)	3	3
Overall dimensions(mm)	1230*950*1670	1230*950*1670
Net weight (kg)	1700	1700
